SOLAR HOME *COUPON*

Making solar a reality one home at a time

About Solar Hot Water Heating

Solar Hot Water Heating is now a mature technology and when combined with your traditional standard hot water heating system as the back up, you will never be without your precious hot water, enjoying years of savings.

The Solar Home Coupon has two unique parts to the process:

- 1) A rebate* of up to \$2,000 from Green DC Realty upon settlement of the contracted home.
- 2) SES financing programs** “ Same as Cash “ for the purchase and installation of an SES solar hot water heating system.

So what does this mean for you as the buyer or seller out there?

Whether buying or selling your home,

You have made the correct choice by coming to Green DC Realty as we firmly believe in the added value of providing one with solar hot water as it is the most compelling renewable upgrade for the Mid Atlantic region. With the combined experience of SES and Green DC Realty you can rest assured that you are building a smarter more efficient path going forward.

* - Solar Home Coupon - Green DC Realty will provide up to \$2,000 or 15% of the earned real estate commission whichever is the lesser amount.

** - SES - Same As Cash is an incentive program. One year interest free loan for the installation cost of the system helps to bridge the financing until the government incentives are received.
